Ashley,

I would like to take a moment to personally thank you and your staff for the outstanding performance that was conducted. I have worked with many vendors in respects to acquiring material, and your company was a delight to work with. When problems came about LDI was willing to work with us in coming to a quick and easy solution to our needs.

The cleaning deadline that was met was again much appreciated. With less than one weekend to have the facility (new construction) completely cleaned, and ready for the ribbon cutting ceremony, LDI came in and completed it with flying colors.

CMS will not forget the hard work that LDI put in, and if projects are to come up in the future at those locations where LDI can be found, rest assured that you will be called upon to complete the project for us.

Sincerely,
